graph LR; A[ChronusQ::FourCompFock::formGD3Index] --> C[ChronusQ::GTODirectTPIContraction::twoBodyContract]; B[ChronusQ::FourCompFock::formGDDirect] --> C;
```

The diagram illustrates a mapping or inheritance relationship. On the left, there are two separate boxes, each containing a class name and a method name. Arrows from both boxes point to a single, larger box on the right, which contains a different class name and method name. The box on the right is shaded gray, while the boxes on the left are white.
